

Under Armour World Headquarters

@ Tide Point | Baltimore, MD

PROJECT DESCRIPTION

Set on Baltimore's Inner Harbor, directly across the water from the downtown business district, a piece of the city's past is redefining its future. Under Armour World Headquarters, the former site of the historic Procter & Gamble plant in Locust Point, provides a unique campus with state-of-the-art, high-speed communications infrastructure, beautiful light-filled spaces and dramatic views of the city's skyline.

This mixed-use environment, featuring a waterfront park and promenade, has set the stage for the revitalization of the entire neighborhood of Locust Point. And its easy accessibility has made it headquarters for some of the region's most prominent businesses.

The Under Armour World Headquarters is set on a 15-acre site with distinctive buildings - currently offering 400,000 square feet of office and retail, turnkey, fully renovated and wired for productivity.

The addition of the Cheer Building / Beason Street brings an additional 350,000 square feet of commercial, residential and retail/restaurant space to this popular waterfront campus. ■
